

In the name of Allah, the most Merciful, the most Beneficent

Parental Contract for school year starting September 2021

Thank you for choosing Wali ul Asr School. We believe that a strong partnership between the school and home is critical for your child to excel spiritually, academically and in terms of personality development. This document highlights the key areas where the school and parents need to partner.

Spiritual excellence

The environment at Wali ul Asr School is designed to help your child excel spiritually. It is imperative that the messaging they receive at home and the school is complimentary and allows them to become deeply rooted in faith. Please ensure that they do not have unmonitored access to TV programs, Netflix, internet sites, music videos, video games and books that promote themes in direct contradiction of Islamic values. Once they have built a strong positive foundation and are older, they will be able to deal with such influences appropriately Insha Allah. The school strongly recommends the following guidelines:

- No personal devices, including iPads, iPods, Laptops and phones. We recommend using shared devices at a central location in the house for school assignments.
- Video games have a detrimental effect on the child's academic and spiritual development and we strongly advise against them. In particular, games with inappropriate content and multi-player mode where children can interact online with other players are extremely addictive and harmful.
- No devices should be allowed in the room at night.
- Monitoring software at the device and router level so parents can ensure online safety. The password for the monitoring software should not be known to the students.

I agree to work with the school to ensure the spiritual excellence of my children. I understand that personal devices have an extremely high percentage of misuse amongst children. I also understand that students who spread pornography and inappropriate media content amongst others at the school will be removed from the school.

Please initial here: _____

Academic excellence

Wali ul Asr School follows an enhanced curriculum designed to help students excel academically. The classwork, tests and assignments at Wali ul Asr are comparable to the top ten private schools in the region and require the students to work hard at school and home. We expect parents to be an active partner in their child's academic success and work with them on a daily basis to ensure the highest level of quality in the academic performance.

I agree to work with the school to ensure the academic excellence of my children and understand that students who do not complete their assignments and do not work hard towards academic excellence will be removed from the school.

Please initial here: _____

Personality development

Respect, kindness, discipline, punctuality and leadership are some of the key values that are instilled in every student at our school. At Wali ul Asr it is 'cool' to be respectful, kind and helpful. **We have a zero tolerance policy for bullying, negative comments or negative behavior** and require your help to reinforce this messaging at home as well. Please bring your child to the school and to all school events on time so that they learn to be punctual and respectful of other people's time. Please also ensure that they learn that their actions should not cause discomfort to anyone else. At Wali ul Asr School, we engage in a number of activities throughout the year for personality development of your child and encourage you to engage with them in similar activities e.g. martial arts, outdoor programs and sports.

Please initial here: _____

Partnering with the school

Parents are encouraged to share their concerns and provide feedback to the school in meetings with staff and management members. However, it is imperative that they partner with the school to ensure that the students love and respect teachers and enjoy attending the school. Students whose parents speak disrespectfully about teachers start detesting the school which greatly affects their learning and attitude. We also strongly encourage parents to attend all school events and encourage their children to participate in all activities and external competitions. Please note that it will be mandatory for all parents to participate in two seminars in the school year where the school can apprise them about critical issues.

I have read and understood the above document. I agree to partner with the school for my child's success and will ensure that my children follow the school rules and policies. I understand that I am required to participate in two mandatory seminars in the school year and ensure that my children do not have access to inappropriate media at home. I agree to adhere to the policies mentioned in this contract.

Name of children with grades: _____

Date: _____

Name of the mother: _____ Signature: _____

Name of the father: _____ Signature: _____

The contract must be signed by both parents. We encourage both parents to meet with the principal to go over the contract, however, at least one of the parents is required to do so in person. Students will not be allowed to re-enroll without the signed parental contract.
